

Toffant To Head State Police Dept. District 11

Madisonian Will Be Supervising Captain Of Ten-County Area

Emil J. Toffant, a career police officer who helped establish the investigation division of the Illinois state police department, will assume command of the local ten-county state police district on Thursday, it was announced in Springfield today.

A resident of Madison and former member of the Madison police department, Toffant has advanced through the ranks since joining the state police force ten years ago. He was promoted to captain in September, becoming the first Madison county resident to attain that rank with the state police.

As supervising captain of District 11, Toffant, who is 46 years old, will have charge of 100 troopers performing highway patrol and other state police duties in the counties of Madison, St. Clair, Macoupin, Bond, Clinton, Jersey, Monroe, Calhoun, Greene and Montgomery.

Second in command will be Lieut. Oliver Robert of Dupu, who will handle assignments of officers.

French Village Headquarters

Capt. Toffant, who plans close contact with other law enforcement officials, will succeed Capt. Eliza Brantley, who has been in charge of that district 11, with headquarters at French Village located east of East St. Louis and District 13 with headquarters at Duquoin.

It was decided to place captains as supervisors in each of the four largest districts, 10, 11, 12 and 13, because of the wide area that battalion commanders had to cover, Toffant told the Press-Record Saturday.

Toffant still expects to travel extensively within the ten counties, but is pleased with the assignment because he will be able to spend more time at home with his family.

He resides at 1534 Fourth street, Madison, with his wife, Beesie, and their younger daughter, Emily, 14, a freshman at Madison high school. The older daughter, Nancy, 21, is a senior student at Illinois Normal University, Normal.

As head of the State Police Bureau of Special Investigation, which he helped organize in 1957, Toffant has been based at Springfield but has had officers assigned throughout the state. In this post, he has headed a variety of investigations.

Successful Murder Probe
The last major investigation which he directed was the successful probe into the slaying of a woman in a hotel room in St. Louis.

New GC Post Office Bidding Set For January

Structure Expected To Be Completed By Late Fall 1961

Construction is slated to start next year on new post office facilities for Granite City, according to a telegram received Friday by the Press-Record from U.S. Senator Everett McKinley Dirksen.

"It is anticipated," Sen. Dirksen said, "the Post Office Department will advertise for bids for the new post office building to be completed by late fall 1961."

Postmaster General Arthur Summerfield at Washington said the post office department has leased a site on the city-owned block at 24th street and Madison avenue and is preparing plans and specifications for a completely modern post office with floor space of 18,500 square feet, a loading platform of 2,000 square feet, a hard-surfaced truck maneuvering area of 11,360 square feet and parking space of 10,200 square feet.

The new office building will be adjacent to the city's new ultra-modern, \$33,000 fire station, and the city is insisting the post office design not conflict with the new fire house.

Under the property lease arrangement, the Post Office Department will pay the city \$3800 a year for 61,500 square feet of the block with a 241-foot frontage on Madison avenue extending to Low street.

The end of the block at 24th street now has a boy's baseball diamond and an amusements scene of the local Optimist Club's annual Christmas tree sale. Years ago, the block was owned by the Alton, Granite City and St. Louis Traction Co. and its street car barns were located there. When the car barns were abandoned, the city purchased the lot with the original intention of erecting an auditorium.

The Post Office Department is expected to continue operation of the present downtown post office building on a limited scale after the new building is erected. However, it is planned to demolish the present fire station, with its operations to be moved to the new building.

Under arrangements for the new building, the ground is being leased by the Post Office Department and will be sub-leased for construction of a building. The department will then rent the building for a minimum of 20 years with renewal options for one 10-year period and four five-year periods.

The deputy directors noted today that Wednesday, Dec. 7, has been designated as National Civil Defense Day. The date marks the 19th anniversary of the Japanese attack on Pearl Harbor that brought on America's entry into world war II.

Civil Defense Topic Coolidge PTA Tonight

Something of the scope, activities and plans of the Granite City Civil Defense corps will be outlined and discussed at 7:30 tonight at the meeting of the Parent-Teachers association at Coolidge Junior high school.

Deputy Directors Mrs. Valerie Evenden and Theodore Toffant, both PTA executive board members, will lead the panel discussion, and answer questions from the audience.

Partial Settlement Family Reunited As Woman Moves Here From Poland

A lifelong resident of Poland, Miss Joanna Ziolkowska, 63, arrived here Friday afternoon to make her home in Madison, being reunited after 47 years with her sister, Mrs. Frances Graybiel, 818 Lee avenue, also a native of Poland.

Wearing a bright red coat, she smiled happily and received many kisses as she was introduced to relatives.

"I think I am going to like it here," Miss Ziolkowska, who speaks no English, said in Polish upon leaving a train at the 19th street station. She was accompanied here from Chicago by her sister and a niece, Mrs. Helen Menicki of Madison. She had flown here by way of Germany and New York after leaving Poland by plane early Thursday.

Welcomes Party
A welcoming party was held Friday evening at the Graybiel home, where she will reside with her sister and brother-in-law, and the weekend was devoted primarily to resting from the tiring journey. She lived with a niece in Poland.

A farm worker in the town of Bidart behind "Iron Horse" here, Miss Ziolkowska has not yet had adequate time to evaluate all the contrasts between her new and old ways of life. But she was quoted as being thankful that she has come to a country where "everyone can act like humans and not live in fear."

Her family has sought for years to persuade her to move here and the prospect brightened recently when the Polish government gave its approval after investigating her past life.

Those greeting her here included Mrs. Graybiel's daughters, whom she had last seen as small children, Mrs. Sam Jean Rossman of Madison and Mrs. Bernard (Jeanette) Gosciniak of St. Louis.

The parking lot, accessible from either Edison avenue or an alley between Edison and Delmar avenues, was completed by the contractor, G. H. Sternberg, 6000 front street, on the free move- days after the raising of a building which stood on the property.

The surface of the lot is of crushed rock, mostly limestone, which closely resembles compacted. Traffic was kept off of the lot over the weekend and compacted.

5000 Tour Hospital Addition At Dedication

Dr. Robert W. Binney Wing Formally Opened With Visit By Public

An estimated gathering of more than 5000 persons visited the new Dr. Robert Webster Binney Memorial wing of St. Elizabeth Hospital yesterday as it was dedicated to continued service to the Quad-Cities and surrounding area.

Financed partly by the contributions of local residents, groups and firms, the \$3,150,000 addition was toured by the public both before and after a formal dedication program and ribbon-cutting ceremony.

Not yet fully occupied, the six-story room, X-ray department and other facilities will be nearly complete by the time many of the departments and affording living quarters for the Sisters of Divine Providence, who operate the medical institution.

Inspection of the rooms, cafeteria, pharmacy, laboratory, supply room, X-ray department and other facilities began at 1:30 p.m. and continued until 8 p.m. with long lines of people developing on the sidewalk in front of the hospital.

The dedication, held in a former cafeteria room on the ground floor, was attended by an overflowed audience. Presiding was G. W. Hoelscher, president of the hospital advisory board.

"It's Fabulous"
"It's fabulous," Hoelscher said in summarizing his view of the hospital addition at the start of the program. "I'm sure the public will be amazed at the fine facilities."

Noting that the latest cost figure is \$3,150,000 and that this may rise by as much as \$100,000, the council president described the project as a "fulfillment of the ideas and plans of the Sisters of Divine Providence, advisory council, doctors, various organizations and many individuals. I am sure you all will be very happy that we have reached the day of dedication."

Hoelscher related that the boiler room and laundry built prior to the new wing were made large enough to accommodate the hospital as it now has been expanded.

He also reviewed the history of the new training program for the hospital, saying that it was not until 1957 that the council knew of a federal fund which was available. He listed receipts of \$54,000 from the government, \$67,000 from the Ford Foundation and \$825,000 from the community, adding that the latter figure may grow to \$820,000.

Faith In Community

The Sisters of Divine Providence showed their faith in this community by borrowing \$1,500,000 to complete this fine building," Hoelscher said.

"I think the entire community is to be congratulated on the co-operative effort that has given us the last word in hospital facilities, of which we all can feel truly proud."

Mayor Leonard R. Davis told the gathering, "I am happy and proud to be mayor of Granite City on an occasion like this. United effort made this wonderful building possible. I congratulate the Sisters of Divine Providence and all of you who were behind this program."

Venice Mayor John E. Lee said the occasion could be described by four words, "appreciation, unity, progress and faith—appreciation to the community and Sisters; unity, without which nothing could be accomplished; progress, showing that anything is possible; and faith, that the Quad-City people want to have, they can have, including the in-vestments."

ustrial field, political life or any other; and faith, because such additions show that people have faith in what the Quad-Cities will be in the future. We will be one of the biggest areas not overshadowed by the city of St. Louis."

Talk by Mother Provincial
Mother Mary William, mother provincial, expressed "pride, joy and gratitude" for the group of St. Louisans in having the religious order through "charity and self-sacrifice" in having the addition constructed.

She paid tribute to the Sisters for devoting themselves "unselfishly and untriflingly" to the cause of aiding the suffering. She concluded with prayer to God "that He continue to bless us."

Eulogy To Dr. Binney
Dr. W. W. Bowers eulogized Dr. Binney as a "successful citizen and great physician" during the 35 years he practiced medi-

cine here before his death in 1952, tracing his work on foot and later by bicycle, buggy, surrey and "horseless carriage," including a rowboat in the 1903 flood.

Dr. Bowers recalled the late physician, with whom he was associated, pointing out various homes in which he had performed "kitchen table" operations. He recalled the numerous organizations and industries with which Dr. Binney was affiliated, and praised him for constant adherence to progressive steps in the medical field.

Performing the first operations in Granite City and the local hospital, Dr. Binney practiced during a period in which he saw development of antibiotics, use of whole blood and refinement in surgical techniques, Dr. Bowers recalled. The "idea of physical therapy" had been pioneered and would if he could have lived to see the new wing, the group was told.

Mission of Hospital
Former head of the hospital staff, Dr. Binney was quoted as saying, "The mission of this hospital is not to serve ourselves but to serve others." Dr. Bowers concluded his remarks with the comment, "I know that this mission, with God's help, will be accomplished."

Other speakers were Ernest E. Vahl Jr., Paul H. Lichtenberger and Charles Haney of Haney Associates, which assisted in the fund drive.

Those introduced included Sister M. Stanisla, hospital administrator, E. F. Reiske and Maurice Rich. The invocation was given by Rev. James R. Craddock, president of the Tri-

A FINE COOPERATIVE EFFORT

The successful completion of the United Fund drive in the Quad-Cities resulted from a fine, cooperative effort on the part of many individuals, organizations, and business firms. It is indeed gratifying that so many people have united together in a worthwhile cause.

Employees of the Telephone Company in the Quad-City area pledged a combined contribution of \$605 for the United Fund. This represents an increase of 7% over last year's contribution. We in the Telephone Company are happy to participate in the overall United Fund effort in the Quad-Cities.

HOW ABOUT A FAMILY HARVEST?

Have you noticed the changes being made in the food markets lately? It seems to many that it is much easier to find certain items... fresh or frozen turkeys, pumpkins, cranberries, chestnuts and other Thanksgiving treats.

The biggest fall harvest in the Quad-Cities was made around the dining room tables. That's true in more ways than one. Because, in addition to the good things to eat and share, Thanksgiving has always been a great family day.

If all your family live in the Quad-Cities it was a simple matter to get together for Thanksgiving. If your family is scattered in different parts of the country, you possibly "got together" — by telephone.

The cost is low, and if you placed your Long Distance call station-to-station, instead of person-to-person, you saved one-third. Rates are even lower where you called after 5 p.m.

SCIENCE SHOW ON TELEVISION

In addition to the Telephone Hour, which brings you top artists in the field of music every other Friday evening, on channel 5 at 8 p.m. I'd like to remind you of our new science program.

The first of the new series, "Thread of Life" tells the story of how we inherit our many and varied characteristics. This 60-minute color program will be Friday, December 9, on channel 5 at 8 p.m. I hope you'll be watching.

Appendicitis is one of our worst killers and only because of neglecting to get medical attention in time. Most fatal cases develop when taking a laxative or cathartic to relieve stomach or abdominal pains, one of the symptoms.

That is why a laxative or any home remedy should only be secured from a pharmacist. We can caution you against unsafe use and tell you when a physician's advice is preferable.

Hospital 'Stork Club' Plans Studied For 30,000 Members

An alumni society of all persons born at St. Elizabeth Hospital may be in the offing. Tentatively designated the St. Elizabeth Hospital Maternity Ward Alumni or, at an alternative, St. Elizabeth's Stork Club, membership would be open not only to all new arrivals, but to the thousands born there over the past two score years.

Sister Camillus, maternity section supervisor, disclosed today her consideration of plans for the organization of an alumni group of "her babies," present and past.

The nun nurse explained she has in mind issuance of properly attested, wallet-sized membership cards to the newborn on arrival and, for a small fee, make membership in St. Elizabeth's Stork Club available to all who claim the institution as their birthplace.

Potential Membership
And Sister Camillus has a ready-made, potential membership of something like 30,000.

The sister estimates that over the past dozen years, the store has carried 15,600 babies to the ward she supervises. Projecting this as a basis for the total number of hospital births, she observes have arrived at a vital statistic of 30,000.

The proposed alumni club would serve a dual purpose; to link and form a common denominator of interest for the thousands who were born at the institution, and as a fund-raising project.

The 100-bed Dr. R. W. Binney wing to St. Elizabeth Hospital was dedicated Sunday. The third-floor maternity addition incorporated in the annex will be open on or about Dec. 10.

Sister Camillus said truly welcome were the new facilities for the mothers, but the nursery, the very heart and core of the ward, was badly in need of enlargement.

Funds for the immediate realization of Sister Camillus' hope, it appears, are lacking. So she has evolved a possible plan to raise funds for what she says she would do herself—"tear out the walls and make the nursery larger"—had she the strength and the permission.

Unofficial Stage

While Sister Camillus emphasized her plans for an alumni group were very much in the formative, unofficial stage, she explained it might prove a valuable avenue for fund-raising and as a club of communitywide club, a far-reaching alumni society.

The maternity ward supervisor said she welcomes suggestions and ideas, and added she understands that such alumni organizations have been formed in other hospitals.

"Not only would we issue a membership to all new arrivals," she elaborated, "but there are so many who were born here who would relish the idea of joining a sort of alumni club. Membership could be renewable at periodic dates, and while the original card would be issued free of charge to the newborn, subsequent ones would be issued at a small fee."

"This may make possible some money for the nursery, and perhaps additional needs could be met."

Aides, colleagues and mothers in the wards have credited the idea as "a brilliant one," and upcoming already have been suggestions for the form of alumni membership card.

Membership Certificate
The figure of a stork with its traditional bundled infant would be a dominant symbol, and the wording and attestation, according to one idea, presented Sister Camillus, would read:

"This is to certify that
..... Was duly enrolled as a member of good standing in St. Elizabeth Hospital Maternity Ward Alumni Club at a.m., on
..... and is entitled to all privileges, benefits and prerogatives of the organization."

"Membership carries the responsibility of attending stated reunions, and renewals shall be for a period of three years from the date of issuance."

Then there would be "attests," signed by Sister Camillus and the attending physician. Additionally, there would be a space for the signature of the "witness," that is, the mother's name and address.

Finally, the card would carry other statistics to be filled in on the bottom line:

"Weighed in at pounds
..... ounces."

Sister Camillus added there to state privileges and benefits to membership, since the Sisters of Divine Providence offer up daily prayers for all at the institution and all those who made their worldly debut there.

It would be nice, she mused, if through the operation of a club, we would find the oldest living 'alumni' of St. Elizabeth's and perhaps hold a community party for that individual.

She invited oldersters to come forward in an informal survey to determine the oldest of maternity ward alumni.

Ross V. Spurling Jr., Granite City, and two other employees of A. O. Smith Corporation's Granite City automotive plant have been given suggestion plan awards totaling \$354 for technical, operational and efficiency-promoting ideas.

Spurling, who lives at 2153 State street, was given the top money award of \$355. The figure of a stork with its traditional bundled infant would be a dominant symbol, and the wording and attestation, according to one idea, presented Sister Camillus, would read:

Proceeds From Madison Smorgasbord Top \$600

Treasurer Alex Schenberger reported to the Madison Rotary club Wednesday that net proceeds will exceed \$600 from the club's annual benefit smorgasbord, held Nov. 13 at the Madison recreation center. Some receipts are still anticipated, he said.

John D. Solenberger, executive director of the local United Fund, explained operation of the UP office and reviewed projects being financed by the UP health service fund.

"The United Fund saves the time of both volunteer workers and contributors because it does the work of 18 fund drives," the speaker commented. "It saves money because there is only one project of campaign and administration costs. And it saves the efforts of each of the member agencies, which can devote all their time to their programs."

Future UP trends are in the hands of the local board, which is completely autonomous, Solenberger said. He added that it is hoped to establish an orderly system for evaluating agency needs, including determination of which social welfare programs are in greatest need of expanded financing.

He was introduced by Joseph Richardson, program chairman, Vice-President Fred Schmidt presided.

Foul Thanksgiving Accident With Fowl

A Quad-City family whose wish to remain anonymous is understandable, had a fowl Thanksgiving accident with the Thanksgiving fowl.

The family lives in an upstairs apartment. Its Thanksgiving bird took wings, as it were, and provided a dog's holiday meal.

After carefully preparing the fowl in an efficiency kitchenette, the housewife placed it on a platter on the window sill for lack of other space.

By some mischance, the platter, bird and all plummeted to the ground below. Before the fowl could be rescued, a passing dog had reached the scene, leaving his teeth marks on the roasted piece of resistance.

Family had to settle for canned ham, after getting out the opener. Had guests, too.

The group will complete plans for its annual Christmas dinner to be held Dec. 3 at the Stratford Hotel, Alton.

\$5491 For Heart Program

First Research Grant From Health Service Fund of UF

The Social Planning Council, which handles health service expenditures for the Tri-Cities Area United Fund, has approved a grant of \$5491 to the heart research program at Jewish Hospital in St. Louis in return for the direct benefits from that program enjoyed by residents of the Quad-Cities, it was announced today.

Thomas A. Sullivan, president of the United Fund, pointed out that expenditures from the health service fund are limited to projects that have a direct impact on Quad-City residents and to organizations that do not conduct separate fund-raising drives in this area.

Screening Clinics
Cardiac screening clinics are held bi-weekly at St. Elizabeth Hospital by two specialists from Jewish Hospital staff. Cases requiring surgery are continued at Jewish Hospital, with the services of Jewish Hospital surgeons.

The Quad-Cities' fourth annual United Fund campaign was completed this month, with \$290,187 or 116.6% of the \$258,461 goal contributed.

Dr. Martin Bergman of the Jewish Hospital staff, has reported that the \$5491 grant will be used for equipment and special projects involved in the heart research program.

The grant represents unspent UF health service funds from 1959 and prior years.

Cancer, Polio, Sclerosis
These funds are regularly allotted for such diseases as cancer, heart, polio, muscular dystrophy, multiple sclerosis and mental health. Past contributions have helped pay for treatment in these diseases for medically indigent persons in the Quad-Cities, as well as for equipment and other projects.

The heart program was chosen for the first research grant from the health service fund, Sullivan said, because heart disease is responsible for more deaths than any of the others.

Pre-Season Injuries Plague Trojan Cage Workouts Under New Coach Earl McClanahan

Two probable starters of Madison high school's varsity basketball squad are continuing to nurse injuries which may keep them off the practice floor until only a week before the Trojans are scheduled to open one of the most ambitious schedules in the school's history.

Mick Gravelle and Ken Griggs, tabbed as likely varsity guards by head basketball Coach Earl McClanahan, are both recovering from knee injuries which came about during the last concluded football season. Neither has been able to run with the Trojans in practice so far.

"It's slowed us down, but being able to see what either boy is capable of," McClanahan said.

Preparation for a Dec. 6 bid after against the Flyers in East St. Louis already has been complicated anyway, since McClanahan is beginning his first season at the head of the Trojans.

Griggs happened to be one of the most ambitious schedules in the school's history. Center Ed Walker, the Midwest conference scoring conference champion a year ago who scored 544 points in a 14-11 season.

McClanahan, who took over the reins from former Coach Charles "Buddy" Mueller, who directed the Trojans to a championship at the conclusion of the 1958-59 campaign, lost a letterman before the season even began.

Forward Otis Wright, an erratic player in the past, is going to lead the team in rebounds last year, McClanahan has little real height among his players. Freeman has added at least two inches to his height since the

1958-59 season. He and Senior Shirley Barton, both of whom played junior varsity ball last year, stand 6-2.

Experienced varsity players also are at a premium. Lost through graduation were Jake Young, Frank Hitey, Lemmon Smith and Frank Mudracic. Back for another try after dropping out last year is Guard Dan Hrysko.

Madison finished second in the MWC race last season behind Dupu (10-0), and the Trojans look to be one of the toughest in the conference, if not in the entire area, again this winter.

The Trojans also have scheduled five of the teams in the Southwestern conference and will participate in the Collinsville and East St. Louis tournaments.

The traditional home-and-home contests with Granite City reschedule the schedule. Madison's first conference action will occur on Dec. 9 in Bethalto, and the Trojans will make their first appearance before the home town fans against Dupu on Dec. 13.

The varsity schedule: Dec. 6 East St. Louis Away; Dec. 9 Bethalto Away; Dec. 13 Hogue Home; Dec. 19-20 Collinsville Invitational; Dec. 26-29 East St. Louis Tourney.

Jan. 6 Highland Away; Jan. 7 Quincy CBC Home; Jan. 10 Granite City Home; Jan. 13 Roxana Away; Jan. 17 Bethalto Home; Jan. 20 Edwardsville Away; Jan. 24 Dupu Away; Jan. 27 Cahokia Home; Jan. 31 Jerseyville Home; Feb. 4 Collinsville Away; Feb. 7 Hoxana Home; Feb. 14 Granite City Away; Feb. 17 Highland Home; Feb. 21 Cahokia Home; Feb. 24 Belleville Home.

Sacred Heart Trims St. Mark's, 51-19; Both Enter Tourney

Sacred Heart parochial grade school rolled to its fifth win in six basketball outings Friday night, stopping St. Mark's of Venice on the Granite City team's home floor by a 51-19 score.

Both teams are entered in the St. James of Decatur grade school tournament which begins Dec. 4 and continues on Dec. 10 and 11.

On Friday night, Frank Boursche's team moved to a 24-7 halftime lead and had no trouble in maintaining that margin through the second half of play. Joe Hauptmann with 16 points and Frank Jernigan with 12 led Sacred Heart. Fred Koelliker topped the Venice visitors with seven.

Sacred Heart also captured the preliminary junior varsity contest, 49-21, after leading at intermission 18-10. Larry Nolan scored nine points for the winners, and McIntosh seven for St. Mark's.

St. Patrick's of Decatur is the second Sacred Heart opponent in the Decatur tourney at 2 p.m. on Dec. 4. St. Mark's plays St. Peter and Paul of Springfield two hours later the same afternoon. If victorious, the local seniors will return to Decatur for a single game on Dec. 10. Semi-finals and finals will be played the following day.

MWC All-Star Berths To MHS, Dupo, Roxana Gridders

Trojans' Griggs, Walker Selected; Balloting Close For Some Positions

By Ben Henke

Several shoo-ins and some players who eked out first-team recognition by one vote at the Press-Record's third annual All-Midwestern conference football squad, the selection of which was completed today.

Madison high school placed two players on the first squad, End Ed Walker, and Halfback Ken Griggs, the conference scoring champion; the remaining nine positions were filled by players from conference co-champions Roxana and Dupo.

Wide-open races for eight of the 11 berths were reflected by ballots submitted by MWC coaches, while Center Willie White and Quarterback Jim Parker of Dupo and Halfback Larry Thomas of Roxana were

totalled 26 players, an unusually long list. At the other extreme, only three players drew votes at the center position. As is the usual case, teams which finished high in the conference standings, with the exception of Cahokia, landed the lion's share of the selections.

The midwestern "dream team" interior line is not an especially big one, but the same consideration in voting—defensive ability—was shown by the Midwestern football tutors as was shown in the Southwest conference.

Line Average: 184 Pounds

Anchored by 203-pound Tackle

Richard Sibley and the 200-pound Walker, the line averages out at 184 pounds per individual. The lightest member is 165-pound Guard Laverne Ingram.

The backs, topped by Dupo Quarterback Jim Parker at 200 pounds, came in at a very respectable 177 pounds, with speed and power both evident.

One oddity for the first time in the three-year period during which an all-conference team has been selected by coaches and the Press-Record, a brother combination was picked.

They are the Ingram boys, Laverne and Al, who are members of the first team and guard and fullback, respectively.

The Line End—JOE DUGAN of conference co-champion Roxana. One of the players chosen mainly for his defensive ability, Dugan is called "the best defensive end

I've ever coached" by Paul Taylor. He played both ways, caught one touchdown pass and scored seven points during the season.

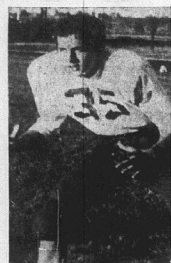

End—ED WALKER of Madison, a repeater from the 1959 all-conference squad who barely squeezed into the first-team lineup over Cahokia's Bill Dill.

With Madison's lack of a passing attack, Walker's forte this fall also was defense. Leading tackler among linemen on the Trojan squad, he scored eight points during the season.

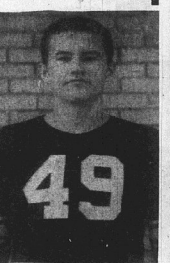

Tackle—DOUG EDWARDS of Dupo. A fine downfield blocker who was used as an offensive end in passing situations. Two-year letterman who played his position both ways. Ranked in upper 10% of his class scholastically and is touted as a good college prospect.

Tackle—RICHARD SIBLEY of Roxana. Not a flashy player, but one who played the strong

Three Voted In Bond

Issues Banned This Month

Illinois voters were not alone in approving major bond issues this month. Across the nation, bond programs totaling over \$3 billion were authorized in the Nov. 8 balloting, prompting predictions that states that state and other local subdivisions had authorized sufficient spending to give the national economy a considerable "shot in the arm."

California topped the states with a \$1,750,000,000 bond plan for constructing a water supply system, including dams and aqueducts to carry surplus water from the northern part of the state to the water-starved south. New York approved purchase of open land for recreational purposes and aid to areas repaying loans for low-cost public housing; Oregon, college dormitories and a veterans' home; Rhode Island, university buildings and a hurricane barrier; and New Mexico, college buildings.

There is a valid dissenting argument that more can be gained from "pay as you go" plans, since interest can be saved. Yet, often as was the case in this state — the need is so overriding that projects cannot be delayed until other funds can be found. Many home owners would prefer to pay cash but that a long-term loan is necessary. Rising construction costs are another factor. Probably the best answer is that voters already are doing — deciding each proposal on its own merits rather than according to an inflexible precept. In 1960, a majority of the people cast their lot with bonding plans.

Land Acquisition Resumed For New University Campus

Now that the state universities bond issue seems certain of passage, planning for the new university in Madison county can proceed on a definite basis. The suit filed by the Southern Illinois University board of trustees only a few days after the election indicates that no time will be wasted in completing acquisition of land.

The start of condemnation proceedings calls attention to an unfortunate but necessary aspect of establishing the university — displacement of families living on the grounds.

The site designated for the university will be ideal, affording a wide variety of terrain, just as many home owners considered sections of it ideal for residential use. It could well become one of the most attractive college campuses in the country.

Birthday Anniversary Of Midwest's Mark Twain

In two days will occur the 125th birthday anniversary of Samuel Langhorne Clemens, better known as Mark Twain, who died 50 years ago. One of the first best-selling and truly American

authors, he was born in Missouri and devoted much of his life to the Midwest, though he later moved to the east and traveled extensively abroad.

Of his beloved Mississippi, Twain said, "It is the longest river in the world, 3,000 miles. It is also the crookedest river in the world, since in one part of its journey it uses up 1300 miles to cover the same ground that the crow would fly over in 675."

He recalled choosing his pen name as a symbol of truth, and he spoke his mind regardless of how radical or irrelevant some of the comments may have sounded at times. It was Twain who said, "Always do right; this will gratify some people, and astonish the rest."

Cynical at times but never content with injustice, he wrote that "loyalty to petrified opinion never yet broke a chain or freed a human soul." His incisive views included, "Put all your eggs in the one basket and — watch that basket." We should be careful to get out of an experience only the wisdom that is in it. Soap and education are not as sudden as a massacre, but they are more deadly in the long run. And, "When angry, count four; when very angry, swear."

His humorous sayings included, "Nothing so needs reforming as other people's habits. I was gratified to be able to answer promptly, and I did; I said, 'I didn't know that.' The holy pastime of friendship is of so sweet and steady and loyal and enduring a nature that it will last through a whole lifetime, if not asked to quit."

Twain regarded a "classic" as a book which people praise and don't read, but most people consider his books to be both classics and widely read. It was his remark that "work consists of whatever a body is obliged to do; play consists of whatever a body is not obliged to do." But he wrote with a twinkling eye and with such zeal that he must have regarded it as "play."

National Recognition For Athletic Prowess Of Madison High Graduate

Quad-Cityans can be proud of a local graduate, Larry Ferguson, who starred at Madison high school and now has gained All-Big Ten Conference football recognition as a junior student at the University of Iowa. He was selected as the Midwest league winners announced today, but we are sure he would have been an all-conference choice each year he played on the Madison varsity. Now he has joined the ranks of local students with nationally-recognized athletic prowess, at a time when the high schools are producing their annual crop of potential college greats.

Law and commandments, in some people's opinions, were made to guide the other fellow.

Club Officer Training Meeting Held At 'Y'

Officers of Hi-Y and Tri-Hi-Y clubs from the Alton, Edwardsville and local YMCA attended an area officers' training meeting held here Friday.

Sixty teenagers attended, and took part in discussions on the subjects of service projects, religious content, club purpose, membership and programs during the afternoon.

Heading the five discussion groups were young men Bob Rhodes of Alton, Dan Smith of Edwardsville, and Bill Knowles of Belleville, assistant teenage director Don Mega of Granite City, together with Miss Pat Mega, executive director of the local YMCA.

G. W. Hoelscher, president of the local YMCA board of directors, welcomed the YMCA club members and "Y" secretaries. Miss Leslie Kolesa of Granite City was in charge of the devotion.

Following the meeting of the discussion groups, a joint gathering was held to review the duties of club officers. Club members from Alton and Edwardsville attended the teenage department's Thanksgiving dinner following the training session.

Headed by the five discussion group secretaries, Bob Rhodes of Alton, Dan Smith of Edwardsville, and Bill Knowles of Belleville, assistant teenage director Don Mega of Granite City, together with Miss Pat Mega, executive director of the local YMCA.

The specifications were made up by the architect's firm of Gabriel & Dulgeroff, who recommended removal of the present roof and its replacement because of a frequent flow of water into an inner office in the Glenmont building at 214 Dewey avenue side of the third floor.

The lone bidder for either repairs or the \$6500 new roof was Quad-City Roofing Co. and Skubish said a representative of that firm also will be invited to tonight's council session.

The roof on the city hall building has been under discussion by the city council since early last summer and last Monday night's action for a complete new roof was taken after the council members turned down the committee's recommendation for a \$3200 repair job.

Man Suffers Laceration, Declines To Prosecute
Glenmont, 27, of 1424 Dewey avenue suffered a laceration on his back from a knife or other sharp object shortly before 2:15 a.m. Saturday, police determined upon meeting him then at a telephone booth on Rock road.

He was taken to St. Elizabeth Hospital, where he was released after treatment. Police questioned a suspect at 10:15 a.m. Saturday but released him for lack of evidence when Lindsey declined to prosecute.

ATTEND SQUARE DANCE GATHERING

A nationally famous caller and square dance artist, Marvin Schilling, called several hundred down and pattern dance numbers at a special dance held in the intermediate and advanced groups of the Tadpole Squares Tuesday evening at the Madison Recreation Center. Schilling also taught new steps known and performed in the west to the group of boys and girls.

Sixty boys and girls and 30 adults attended the dance. Tentative plans were made to sponsor an invitational jubilee dance to be called by Schilling in late spring. He was impressed near the dance numbers done by the group.

Refreshments were served. At the conclusion of the dance, 18 members of the Tadpole Squares entertained at the Temple for the Boys' Daughters.

A special dance was presented by eight of the boys and girls in keeping with the Christmas season, each being in costume. The number was "Rudolph the Red-Nosed Reindeer."

The 18, who gave an exhibition dance for 20 minutes, included Judy Sharp, Jimmy Melton, Paula Brown, Alan Fraum, Jerry, Susan Boyd, Gary Greene, Cheryl Brown, Kenneth Lawrence, Sally Barnett, Mildred, Susy Barnett, Bobby Burris, Beverly Sparks, Dale Clinton, Sherrie Boyd and Robert McBride. Adults accompanying the group were Mr. and Mrs. Edward Boyd, Mr. and Mrs. Ray Sharp, Mr. and Mrs. Richard and Mrs. Barney Fraum, and Mrs. Donald Sparks.

HONOR PAST GRANDS

"Past noble grand night" was observed Tuesday evening as members of the Del Tri Hi-Y club gathered at the Odd Fellows hall in Madison.

To receive other area applications for baskets, Capt. Walker will be at the Venice city hall from 5:30 a.m. to 3 p.m. on Tuesday, Dec. 6.

During the same hours, she will be at Madison city hall on Wednesday and Thursday, Dec. 7 and 8.

Requests may be made at either the city hall or at the Christmas Cheer headquarters at 1824 State street, Granite City.

Charge Filed Against Motorist In Accident

A charge of failure to yield right-of-way was placed against Mrs. Knobel, 48, of 2145 East 24th street, following an auto truck accident Wednesday afternoon at 15th street and Madison avenue. He posted his driver's license as bond.

Police said Knobel was driving an auto east on 15th street and was making a left turn onto Madison avenue, while the tractor-trailer truck was being operated south on Madison avenue by Franklin B. Andrews, 43, of Lancaster, N. Y.

No injuries were listed.

Plans were completed for the annual Christmas party given by the members for their children, to be held Dec. 9 at the Kirkpatrick Homes hall in Granite City. Plans also were discussed for a "guest night" to be held in the future.

A dessert luncheon was served, with the Thanksgiving theme carried out in the table decorations and luncheon. The next regular meeting will be held Jan. 18 in the home of Mrs. McBrien, 2217 Fortune drive.

Christmas tree ornaments

were made and canned goods collected by members of Girl Scout Troop 65 as they met Wednesday afternoon in the luncheon room of the Louis Baer school with their leader, Mrs. Marcela Olanovich.

Mr. Businessman: Is skimpy wiring hurting your business?

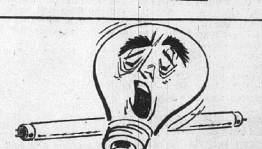

Machines starved for power?

Anemic air conditioning?

Blown-fuse blackouts?

Lazy lighting?

It takes a lot of electric power to keep up with the modern demands of a going business. There's plenty of power available but it can't serve you to the fullest if your wiring isn't up to date.

Why continue to penalize your machines, your lights, your heating and air conditioning (and your profits) with skimpy, out-of-date wiring? Ask your electrical contractor to show you how little it costs to have modern adequate wiring for present as well as future needs.

Modern wiring is an investment in business success!

Mrs. Chas. Delps Hurt While Horseback Riding

Mrs. Lillian Delps, 43, was knocked unconscious and sustained a concussion when thrown to the ground during a Thanksgiving afternoon horseback ride.

A rambunctious bronco, Baron has caused her three previous injuries and an earlier trip to the hospital.

While out for a canter in a wooded area on the Delps place along Highway 67, Baron bolted, and Mrs. Delps was jolted off the saddle.

An ambulance was called, and she was taken to St. Elizabeth Hospital, where she was admitted for treatment and examination of her injury.

Her husband, Charles "Diver" Delps, said it was the fourth time his wife had been thrown by Baron.

Just a week prior to her Thanksgiving spill, she had to the hospital for treatment of a broken finger, received while riding the bronco, he explained.

"This time she was unconscious for around 10 minutes, and you can believe I was mighty worried," he said.

"Don't know," he mused, "if this is the end of her attempts to be an equestrienne, on Baron anyhow."

At the hospital, Mrs. Delps was reported as "resting," and in no serious condition.
